elements furniture

crafted with precision and vision

elements**furniture**

Established in 1969, Elements Furniture is crafted in the UK by Tretzo, a renowned third generation family business. Known for design-led furniture solutions for Catalano ceramics, Elements Furniture combines innovative design, premium materials and future ready technology to create high end bathroom furniture.

Every piece is made to order, using materials such as solid oak, walnut, super matt and acrylic finishes, with exceptional attention to detail throughout. Designed for both style and practicality, Elements Furniture offers beautifully crafted solutions that blend form, function and timeless appeal for modern living.

excellence,
reliability,
ingenuity &
innovation

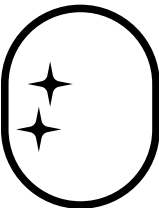

Founded in 1967 in Fabbrica di Roma, Catalano is a leading Italian company in the sanitary ware industry. It is a name that is synonymous with high quality, exclusive design, a solid manufacturing culture and innovative approach. Catalano uses high levels of automation combined with inimitable traditional craftsmanship developed over centuries in this geographic area.

During its 50 years of history, the specialised know-how has continued to evolve. The production philosophy is to invest and produce only in Italy for true Italian quality. For Catalano 'Made in Italy' signifies excellence, reliability and innovation.

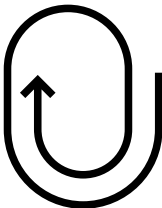

CATALANO

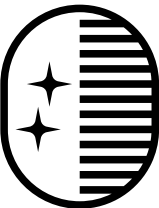

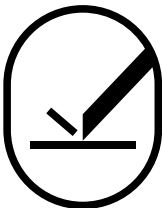

Cataglaze+

Silenttech

Twinglaze+

Anti-scratch

Total antibacterial protection.

It is an improvement of Cataglaze glazing system; besides being more resistant to limescale and therefore easier to clean, it has a powerful antimicrobial action able to kill bacteria. The effectiveness of the new formula is guaranteed by the presence in the mix of silver and titanium ions.

Ultra quiet, ultra efficient, ultra clean.

Silenttech®, developed by Catalano, is the most advanced flushing system on the market. The absence of a perimeter rim, where germs and bacteria tend to nest, guarantees maximum hygiene and facilitates cleaning.

A double glaze for a unique quality.

The Twinglaze+® system is an innovative technological application that characterises Catalano sanitary ware. The treatment with the Cataglaze+® Silver titanium enamelling process, is combined with the satin and elegant finishes of the external coating.

The glamour of Catalano.

Through a complex, exclusive and extremely precise process, the precious Gold&Silver finishes are coated with a special antiscratch glaze that makes them resistant to abrasions, detergents and temperature changes just like a traditional finish.

CATALANO

green

green ceramics

Curved surfaces and thin edges give this refined collection a light touch. Seamless basins ensure hygiene, while advanced sanitary features include Cataglaze+, Silentech flushing, and Soft-close seats. Available in satin colour finishes and various installations, the Green collection combines elegance, function, and originality. Choose from a range of 10 basin options and 2 toilet options for the complete look.

CATALANO

gold & silver

gold & silver ceramics

The Gold&Silver collection brings a touch of eccentric luxury to the bathroom. After extensive testing, an antiscratch coating was perfected to ensure the finishes resist abrasions, detergents and temperature changes while retaining their gloss. The range includes countertop washbasins and wall-hung WCs in two refined options. Gold White combines brilliant ceramic with warm gold for a radiant, luminous effect. Silver White pairs a sleek silver finish with pure white ceramic to create a cool, contemporary atmosphere.

CATALANO

tonalità

tonalità ceramics

The Tonalità collection draws on the beauty of nature to bring authenticity and calm to the bathroom. Shades like beige, white, jade green and black evoke tranquillity and adapt effortlessly to classic, modern or minimalist interiors. Its natural tones pair easily with materials such as wood, stone and metal, offering endless possibilities for creating harmonious, elegant spaces.
